Dear Therese Flaubert,

How __1__ you getting on? We are all fine here. I couldn't reply earlier __2__ we were busy preparing for our Summer exams at that time.

I __3__ studied hard for the exams. In fact, the night before my Latin paper I stayed up __4__ 5 a.m. studying my notes. I had to do this as I had __5__ paid much attention to Latin before. Besides I'm very weak in this subject.

Then, you won't believe what happened. __6__ the teacher handed us the question papers, my mind suddenly __7__ blank. I __8__ remember a thing that I had studied. Lucky for me, I got my memory __9__ after fifteen minutes. __10__ I could not finish answering all the questions before the time was up and it's a pity because I knew the __11__ to all of those questions!

Father said that it's __12__ I had stayed up so late the night before. He __13__ that my mind was too tired and it needed a rest. __14__, I have learnt my lesson. I __15__ not study at the last minute next time. I swear!

Well enough about me. How is life __16__ Malaysia? It must be really different compared to life in France, isn't it? Mother is __17__ about you. She wonders if you are eating well, sleeping enough and taking good care of yourself. She keeps on __18__ that you should have done your field research in Europe rather than that small, hot and humid country in Asia! But I said, knowing you, you must __19__ a place like that!

Anyway, take care of __20__ big sister, and we hope to meet up with you soon. Mother wants us to fly to Kuala Lumpur and visit you during Christmas. I'm really looking forward to it! J'taime ma souer, bonne chance!

Isobel Flaubert
