In the space below, please write a biographical essay about yourself. Please tell me your background, familial ties, work experience, likes/dislikes, interests and add other details that you think is relevant.

In the last paragraph(s), tell me what you have heard about this course from your seniors (**only for Part 2 students and above**). And don't forget to tell me your expectations for this course too!

You are free to write as much as you can, but the minimum length of this essay is both sides of this paper starting below and finishing behind (**PLUS at least one more page back and front**, or more if you want to show me your writing skill) 😊
